

OPERATION MANUAL

DSK-RU

Remote Unit

1st Edition

1. Introduction

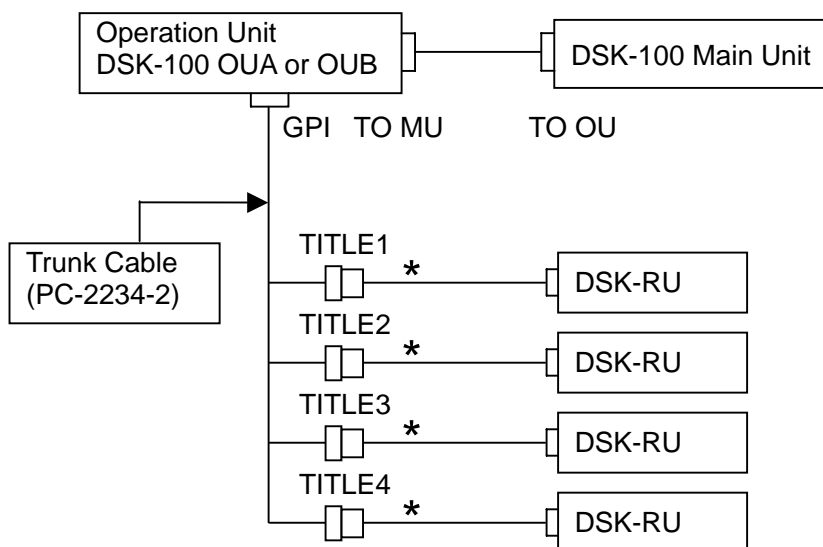

The DSK-RU is a remote control unit, that is connected to the DSK-100 operation unit, the DSK-100 OUA or DSK-100 OUB, and remotely switches title displays in the DSK-100.

Check your received items against the packing lists below.

ITEM	QTY	REMARKS
DSK-RU unit	1	Remote unit for DSK-100 OUA /OUB
Control cable	1	DSK-100 OUA/OUB remote control cable (PC-2235-2)
Operation Manual	1	This user manual

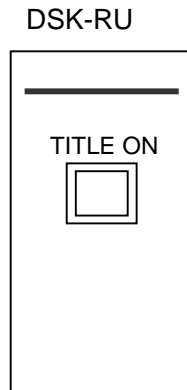

2. Connections

Refer to the figure below to connect the DSK-RU into the system. Before connecting the DSK-RU, turn the DSK-100 power off.

Cables indicated by an * in the figure above are included in the DSK-RU package. The trunk cable is a separate purchase option.

3. Operation

3-1. Operating with the DSK-100 OUA

- (1) Once the title settings are completed in the DSK-100 OUA, turn off all TITLE buttons 1-4 and move up the fader lever of the DSK-100OUA to the limit of its travel.
- (2) Push each DSK-RU TITLE ON button corresponding to the TITLE 1-4. This will display the previously set title on the program output.

Note that if the button is pushed for a short period of time (less than 0.3 seconds), a title will be superimposed over the program output by a cut and if the button is pushed for more than 0.3 seconds, it will be superimposed using a mix effect. (The duration of the MIX effect is the same as the TRANS RATE setting.)

- (3) Push the TITLE ON button again to erase the title.

3-2. Operating with the DSK-100 OUB

- (1) Push each DSK-RU TITLE ON button corresponding to the TITLE 1-4. This will display the previously set title on the program output.

Note that if the button is pushed for a short period of time (less than 0.3 seconds), a title will be superimposed over the program output by a cut and if the button is pushed for more than 0.3 seconds, it will be superimposed using a mix effect. (The duration of the MIX effect is the same as the TRANS RATE setting.)

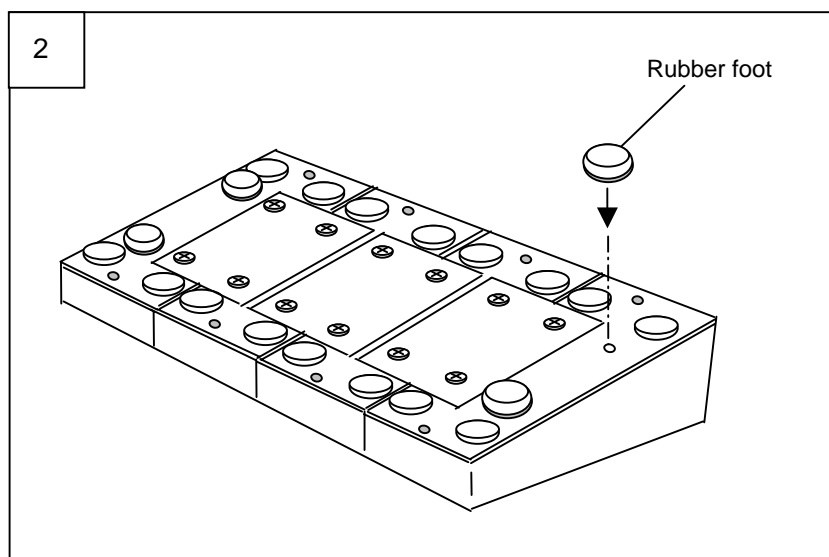

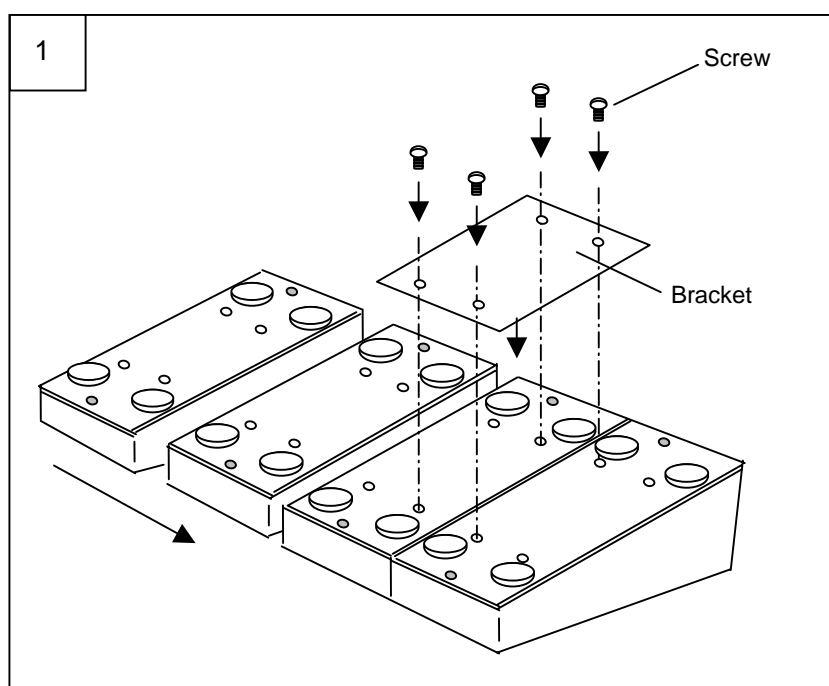

- (2) Push the TITLE ON button again to erase the title.

4. Appendix

4-1. Multiple DSK-RU Configuration

Connecting multiple DSK-RU requires the following options.

	Connecting two DSK-RU	Connecting three DSK-RU	Connecting four DSK-RU
Screws	4	8	12
Rubber foot	4	4	4
Brackets	1	2	3

Warning

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his own expense.
