</tr>
</tbody>
</table>

2. Output Card Installation Slots

- **MFR-5000**

MFR-16MADIPO
MFR-16AESPO
Install into slots: No.09 - 16

- **MFR-8000**

MFR-16MADIPO
MFR-16AESPO
Install into slots: No.09 - 16
3. Installing the Rear Panel and Input/Output Card

The example below shows how to install the rear panel and input/output card into the MFR-5000. If installing a card into MFR-8000 upper slot, the card direction is opposite from MFR-5000. (See step (4).)

(1) Turn the MFR-5000 power off and disconnect the power cord.
(2) Remove the four screws on the front of the MFR-5000 and remove the front panel.
(3) Fasten screws to secure the rear panel to the rear of the MFR unit.
(4) Open the ejector levers on both sides of the card. Slide the input/output card with the white connector aligned up into the slot from the front of the MFR-5000. For the MFR-8000, install the input/output card with the white connector upside down into the upper slot, and in the same orientation into the lower slot. (See below.)

(5) Close the two ejector levers.
(6) Install the front panel. Installation is complete.

Installing the Input / Output card with the MFR-5000/8000 Powered On
To install an input or output card with the MFR-5000 or MFR-8000 powered on, turn the power of the slot on, using the front menu, after installing the card. See "SHUTDOWN" in Section 4-5. "SETTINGS" for details.

4. Operational Testing

Confirm that cards are properly installed and set necessary settings using MFR SERIES Web-based Control.

- **Verifying the Installation**
  In the MFR SERIES Web-based Control, open the Slot Status screen and verify that the appropriate card name is displayed for the slot. (See Sec. 5-3. "Slot Status" in the MFR SERIES Web-based Control Operation Manual for details.)

- **Settings**
  To make the card available to use, settings are necessary. Refer to the following section in the MFR SERIES Web-based Control Operation Manual to set settings:

<table>
<thead>
<tr>
<th>Input / Output Card</th>
<th>Refer To</th>
</tr>
</thead>
<tbody>
<tr>
<td>MFR-16MADIPO/16AESPO</td>
<td>4-1-10. Destination Assignment 5-4. Audio Settings</td>
</tr>
</tbody>
</table>

**Precautions**
- Do not allow fluids, metal fragments, or any other foreign objects to enter the unit. If foreign matter does enter the unit, turn the power off and disconnect the power cord immediately. Remove the material or contact your authorized service representative.
- Do not access circuitry with power applied to the unit.
- Ensure the unit is properly grounded at all times.
- Unit should not be operated or stored with the cover, panels, and/or casing removed.
- Do not allow fluids, metal fragments, or any other foreign objects to enter the unit. If foreign matter does enter the unit, turn the power off immediately, disconnect the power cord, then contact your authorized service representative.
